Mike Peterson asked for approval for the Fire Relief Association to increase the yearly contribution for retirement from $1300.00 to $1500.00. He explained that the Fire Relief is its own separate entity and is a 501C organization. He explained this is money received from the state specifically for the Firefighters Relief Association. The by-laws are also being updated. Currently the requirement for a retirement pension is 20 years of active service and the age of 55. It has been approved by the members to change this to 10 years of active service and age 55, at a pro-rated amount.

**Motion by Lally to approve increasing the yearly contribution from $1300 to $1500 for the Fire Relief Associations retirement. Seconded by Lippo. Motion carried unanimously.**

Mike Peterson asked for approval to purchase Motorola 8-button DEK control head boxes, two for each ambulance. He explained the difficulty and the safety issue of using the current radio system on the ambulances. He explained it is similar to texting while driving. He also explained that the driver on the ambulance at times needs a different frequency than the staff person in the back of the ambulance with
the patient as they are each receiving and dispatching information. Total cost would be up to $300.00. Mike is also looking into a grant to help cover the cost.

**Motion by Borglund to approve purchasing 4 units at a cost not to exceed $300.00. Seconded by Lippo. Motion carried unanimously.**

The computer and battery pack for the “I Am Responding” program is set up and working in the Cromwell Fire Hall and members have installed the cell phone application on their phones. The members are very pleased with the new technology. The 60-day trial period has almost expired. Mike recommended purchasing a 5-year contract for a cost of $650 per year with a one-time $50 setup charge.

Carl Brandt, our insurance agent from Town & Country Insurance, was present to explain the Director’s and Officer’s Insurance needed for the Joint Powers Board. This is liability insurance that covers the members on the board. The Joint Powers Board at their last meeting approved purchasing the Expanded Plan that has a broader range of coverage and would also cover the township representatives. The cost is $3065.00 per year. It will also cover Errors and Omissions, and would pay for the defense in the case of a litigation and still have $1 million additional coverage.

**Motion by Lally to approve purchasing Director’s & Officer’s Insurance for the Joint Powers Board for a cost of $3065.00. Seconded by Borglund. Motion carried unanimously.**

The city is in the process of renewing its insurance. It was decided not to make any changes. We will get a quote for consideration for No-Fault Sewer Backup Insurance.
