3. OLD BUSINESS
   Sharon Zelazny was present to ask the city to reconsider paying the monthly charge for the new streetlight at the intersection of South Point Road and Riverview Road. Last summer two street lights were requested to be installed along the snowmobile/ATV trail for the safety of the snowmobilers/ATV riders and well as the general public driving on South Point Road. Enough funds were obtained from the PAC ATV Club, a grant from Lake Country Power, and the balance from the city to install one light on the south end of South Point Road. New property owners, Tim and Shannon Fosness, being concerned about their own safety and the safety of snowmobilers, ATV riders, and others at the intersection of South Point Road and Riverview Road paid for the installation of a street light on their property, which is the same location that was originally requested for the second light. Sharon stated 4 points: (1) Safety of the citizens along the route. (2) With the property owner paying for the installation of the street light, the city stills reaps the benefit of the light. (3) Safety for those using the snowmobile/ATV trail through Cromwell (4) Allowing safe travel benefits the businesses and the city in that snowmobilers and ATV riders spend money at local businesses and at the City Municipal Liquor Store.
   Mayor Lund asked about the brightness of the light; whether it is bright enough to light up the area to actually provide safety. The consensus was that the light does actually illuminate the area well. Lally
expressed that since the property owner was willing to pay the $1000 installation that the city could certainly pay the $10 per month electric charge.

**Motion by Lally to approve that the city pay the monthly electric charge. Seconded by Borglund. Motion carried unanimously.**

Mike Peterson requested approval to purchase 10 pagers for the Fire & Ambulance Department at a total cost of $3770.25.

**Motion by Lally to approve the purchase of 10 pagers at a cost of $3770.25. Seconded by Borglund. Motion carried unanimously.**

Mike gave an update on the progress of the Cromwell-Wright Joint Powers Fire & Ambulance District. Mike handed out a Blueprint for Success task list with the approximate timetable for deadlines. A new board will be in place by January 1, 2016 representing all townships and the cities of Wright and Cromwell. The District should be in place by the end of 2016 at which time the City of Cromwell will have to give its final approval and transfer property and equipment over to the District. Mike also handed out the list of projective 2016 and first half 2017 revenues from the city of Cromwell. Attorney Yetka is developing District language to be given to legislature.

Mayor Lund explained that the city has waited long enough and doesn't believe the money will be here even by Monday. She explained that she talked to the attorney and we have 2 options to proceed. (1) Have Peters sign a Confession of Agreement whereas his meeting pay would go toward the amount owed the city until paid in full, or (2) start the court process. Peters insisted he would have the money on Monday. Mayor Lund asked the council members for their opinions. Lally stated he thought we should wait until Monday, Boglund agreed, and Lippo said he preferred to stay out of it. Mayor Lund said we have waited long enough and would talk to the attorney to start the court process.

   C. **Liquor Store Committee**

The clerk was asked to see whether or not the city could either use pull tab rent money or the 10% charitable fund money for the insurance premium.
    B. The pavilion custodian submitted her timesheet for time spent cleaning the pavilion. She had a total of 2 ½ hours from June 25 to July 14. Time spent making sure everything was clean for the steak fry and for cleaning windows will be the city’s responsibility.
