The Tri-Community Food Shelf appreciates the donations given to them, however, they cannot accept outdated items, rusted or dented cans, so PLEASE do not drop off those types of items at their front door! Those types of items must be disposed of, and they do not have a dumpster! The Food Shelf strives to treat those in need with dignity and will continue to do so! Thank you for understanding.

The CACC Hunter's Supper's attendance was down this year, but there was a steady number of folks attending. Thanks to all the volunteers that helped out and especially those that attended.

It's been 34 years ago on November 10th that our son, Garrie was shot in the face during the opening of deer hunting season in 1990. He sustained a broken jaw but was able to walk out of the woods and get to the waiting ambulance. He had to have surgery and ended up with three metal plates and eight screws in his jaw and they are still there for the rest of his life. We thank God for his survival!

This is also the 30th year of the Foster Grandparents Program at the Villa Vista. This is where the 4th graders go to the Villa once a month to do projects and are assigned a resident to be their foster grandparent for the year. This means that the New Cromwell – Wright School is also in its 30th year since Wright Elementary closed in 1993.

What did Lawrence Welk name his twin Daughters? Anna One and Anna Two!
